WANTED—A good steady man to drive milk wagon. Inquire at this office.

Ald. Norris stated that the wards had

nothing to do with the removal of refuse dirt. The city very generously offered to remove the refuse dirt and now the city should pay for it.

Ald. Horn's order allowing Martin & Co. \$100 was adopted.

Ald. Baker, that the street commission

raise the cross walks at Ravine street corner of Washington and at Washington corner of Ravine. Adopted.

Ald. Norris that the street commis-

sioner clear out all the gutters in all graded streets in the fourth ward. Adopted.

Ald. Smith brought up the matter of the west side display fountain, stating that it was a great mistake in locating the display fountain on the west side at the fourth ward park. It was located there because it was a park. It was a park in name only. No one ever goes there. This fountain was the only one the west side has got and it should be located where the west side could get the benefit of it on the corn exchange square. He would move that the action of the council in locating the fountain at the fourth ward park be rescinded.

Ald. Horn couldn't see how it could be rescinded. If we have parks let's keep them up. If we don't want it, cut it up for residence lots or make a cow pasture of it. Let us have a place where the women and children can go an afternoon and not be in danger of runaway teams. The fountain was not for men to look at. He could go down and look in the river any time he wanted to. He believed in improving the park, putting in trees and trimming up the trees, and making the place attractive. He thought it all prejudice on the part of the first ward aldermen to locate it at the corn exchange.

Ald. McLean favored the fourth ward park. He did not doubt the first ward aldermen wanted the fountain in the ward. He never saw the time the first ward didn't want the earth if they could get it. The park was a beautiful piece of ground and all it needed was improvement. If the city didn't want to do that better sell it.

Ald. Smith, of the park committee, stated that he had been unable to dispose of the windmill, tank and pipe in the court house park, and on his motion the city clerk was directed to cause the same to be advertised for sale in the daily and weekly papers, and to sell to the highest bidder.

Ald. Smith, from the special committee on fountains, stated that he had been in Chicago and had secured illustrations of different styles of fountains, which were in the clerk's office for the inspection of the aldermen. He had only received one bid to furnish the fountains, but that our home dealers desired to put in bids for the fountains. After the question of procuring fountains had been thoroughly discussed and explained, on motion of Ald. McLean, Alds. Norris and Horn were added to the committee, and the committee were instructed to ascertain the style of fountains required and report to the council at the next meeting. And also to procure bids for furnishing the same.

Ald. Hawthorn took his seat.

Ald. Conrad stated that he had been requested by the board of trustees of Oak Hill Cemetery Association, to set the city to donate to the association the fountain now at the court house park.

The fountain was paid for by private subscription, and as it was to be replaced by a new one and would then be of no use to the city, it was no more than right that the city should donate it to the cemetery association.

Ald. Smith's motion to rescind was adopted by the following vote:

Ayes—Ald. Baker, Conrad, Fathers, Hawthorn, Judd & G.

Noes—Ald. Horn, McLean and Norris & C.
